The American animal rights movement / James M. Jasper --Animal welfare and the European Union / Rosemary Goddard Svendsen --Putting animals into politics / Richard D. Ryder --Utopian visions and pragmatic politics: challenging the foundations of speciesism and misothery / Kim Stallwood.

#### **Animal rights : the changing debate (Book, 1996) [WorldCat ...**

The unifying theme is provided by an emerging debate about the future direction of the animal protection movement, and, in particular, about the utility of using rights language as a means of achieving further progress.

#### **Animal Rights - The Changing Debate | Robert Garner ...**

Every animal use and abuse stems from their treatment as human property, to be used for human purposes no matter how trivial. From a practical standpoint, changing the property status of animals would benefit pets and their human guardians.

#### **Animal Rights: The Changing Debate : Robert Garner ...**

The question of animal rights might well come up in a debate on biodiversity, and is one with so many political and social implications that it is also worth having in its own right. This debate is about the ethical principles at issue; the separate debates on biodiversity, vegetarianism, zoos, blood sports, and animal experimentation deal with more of the concrete details.

Animal Rights Debate The recent animal rights debate in "Animal Advocates Crusade For The Day When Animals Are Freed From Lab Cages," by Christine Jackson, and "The Animal Rights Movement Threatens To Make Scientists An Endangered Species," by Leland C. Clark, Jr.

#### **Animal Rights Debate | The Scientist Magazine®**

Animals Have Rights! Animal rights is the belief that animals have an intrinsic value separate from any value they have to humans, and are worthy of moral consideration. They have the right to be free of oppression, confinement, use and abuse by humans. They have life and hence right to be

treated well.

### **Animal Rights - debateables.com**

The pros and cons of animal rights should cause us to question our belief structures. How we treat animals is a reflection of how we treat others. Giving animals more protections under the laws that govern property may make sense, but giving animals an equivalency may not. There is no easy answer or compromise to this debate.

### **11 Pros and Cons of Animal Rights - Vittana.org**

The consequences of animal rights. Animal rights teach us that certain things are wrong as a matter of principle, that there are some things that it is morally wrong to do to animals. Human beings must not do those things, no matter what the cost to humanity of not doing them. Human beings must not do those things,...
