It is too early to tell whether these police reform efforts will backslide. While the U.S. context differs in some ways from Latin America, these examples demonstrate that police reform is a continuous and contentious process that is difficult to achieve and highly prone to reversal.

Why police reforms rarely succeed: Lessons from Latin America

Authority (n.) persons who exercise (administrative) control over others; an expert whose views are seen as definitive.

CH. 7 Flashcards | Quizlet

Quality improvement--a continuous process involving all levels of the organization working together across departmental lines to produce better services for health care clients. Deming (1982b) and others have espoused total system reform to achieve quality improvement--not merely altering the current system, but radically changing it.

Quality improvement: the nurse's role.

Continuous Process Improvement (CPI) CPI is the continuous effort to assess and optimize, organizational business systems and work processes. When implemented successfully, PI ensures the ways in which People work together and the processes they employ operate at best value, improve knowledge flows, and enhance organizational innovation and efficacy.
