Cubase 8 - 10 tips and tricks for a better and faster workflow

Steinberg's Cubase has a lot of history behind it; the first version was released way back in 1989. Version 9.5 of the current edition came our way late in 2017, and reaffirms the software's reputation as one of the best DAWs in the world.. With great power can come a certain amount of complexity, however, so we've compiled 20 tips that'll turn you into an all-knowing Cubase champion.
