Edmund Leach: An Anthropological Life. His distinctive view of the comparative method allows him to transcend the stale dichotomy between 'them primitives' and 'us moderns', finding instead a dialectic between 'us' and 'them' which opens up the possibility for illuminating common human propensities and capacities.

Stanley Tambiah's book about Sir Edmund Leach (1919-1989) is not a biography in the conventional sense. Rather, Tambiah mentions in passing both biographical events and his personal relationship to Leach and his wife Celia, but implicitly argues that "an anthropological life" is a professional and intellectual matter.
