How To Not Suck At

3. Not enough contrast. The last and perhaps most important point: contrast. Not to get all philosophical on you, but life is all about contrast. You can't have happy moments without sad ones. And there is no light without the dark. Color is no exception. When you pair colors together, make sure they have enough contrast.

How to Not Suck at Color - Modus

Viewer-submitted critiques of compositions and arrangements coming atcha from myself, Adam Neely, and lord of internet music teaching, Rick Beato himself. Shot at #guitcon2018 Check out Rick's ...

How to Not Suck at Music (w/ Rick Beato)

The background and font color should be different enough to not cause eyestrain. Typically black text on white backgrounds tends to be the most legible. Stay away from the light gray, yellows and ...

Whenever I want to stick my head into the sand and just wait this lifetime out, a friend usually comes around and signs me up for the non-sucky-life boot camp. Which is what I want to do for you now.

How to Not Suck at Life: A 5-Step Boot Camp. ~ Hanna Bier ...

How Not To Suck At Socializing - Do's & Don'ts. You can learn to become a more social person - if you want to. Generally extroverts will have less trouble getting out and talking to new people, but that's to be expected. Don't think, however, that outgoing people don't make mistakes either. There are ways to make life easier while you're out and about.
