Journal Of Mathematical Analysis And

The Journal of Mathematical Analysis and Applications presents papers that treat mathematical analysis and its numerous applications. The journal emphasizes articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, and engineering, particularly those that stress analytical aspects and novel problems and their solutions.

Journal of Mathematical Analysis and Applications - Elsevier

Analysis of a Three-Dimensional Phase-field Model for Solidification Under a Magnetic Field Effect André Ferreira e Pereira, Gabriela Planas In Press, Journal Pre-proof, Available online 11 September 2019

Journal of Mathematical Analysis and Applications ...

The Journal of Mathematical Analysis and Applications will publish carefully selected mathematical papers treating classical analysis and its manifold applications. Papers devoted to the mathematical treatment of questions arising in physical, biological, and social sciences and engineering will be considered, particularly those in which analytical aspects and the novelty of the solution of a nontrivial application are emphasized.

Guide for authors - Journal of Mathematical Analysis and ...

SCImago Journal Rank (SJR): 1.103 i SCImago Journal Rank (SJR): SJR is a prestige metric based on the idea that not all citations are the same. SJR uses a similar algorithm as the Google page rank; it provides a quantitative and a qualitative measure of the journal's impact.

Journal of Mathematical Analysis and Applications ...

Welcome to the Journal of Mathematical Analysis. The journal publishes original papers in English, in all fields of mathematical analysis. Usually 1 volume, with 4 issues per year. Call For papers . Authors are invited to submit articles for publication.

Journal of Mathematical Analysis - ilirias.com

The Journal of Mathematical Analysis and Applications presents papers that treat mathematical analysis and its numerous applications. The journal emphasizes articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, and engineering, particularly those that stress analytical aspects and novel problems and their solutions.

The Journal of Analysis - springer.com

SIAM Journal on Mathematical Analysis (SIMA) features research articles of the highest quality employing innovative analytical techniques to treat problems in the natural sciences. Every paper has content that is primarily analytical and that employs mathematical methods in such areas as partial differential equations, the calculus of variations, functional analysis, approximation theory, harmonic or wavelet analysis, or dynamical systems.

SIAM Journal on Mathematical Analysis (SIMA)

Analysis and Mathematical Physics (AMP) publishes current research results as well as selected high-quality survey articles in real, complex, harmonic; and geometric analysis originating and or having applications in mathematical physics. The journal promotes dialog among specialists in these areas.
