Grinding noises from your supercharger are a sure sign that it is starting to fail and no amount of hoping is going to make it heal itself. The supercharger is partially cooled and lubricated by oil within the housing that needs maintenance and if this is a surprise to you then there is a good chance the oil has failed and the supercharger will need to be replaced.

The Mini Hatch (stylised as MINI hatch, or MINI Hardtop in the US), also known as Mini Cooper, Mini One, or simply the Mini, is a three-door or five door hatchback first introduced in late 2000, with a second generation launched in 2006 and a third generation model launched in 2014. A convertible version was introduced in 2004, with the second generation following in 2008.
