Notes On Nursing

All the results of good nursing, as detailed in these notes, may be spoiled or utterly negated by one defect, viz.: in petty management, or in other words, by not knowing how to manage that what you do when you are there, shall be done when you are not there. The most devoted friend or nurse cannot be always there.

NOTES ON NURSING - digital.library.upenn.edu

Notes on Nursing would be an excellent choice. This book introduces holistic health, home health, alternative therapies, health prevention and maintenance, the role of women in nursing and in everyday life, nursing administration, leadership, communications skills, mind/body and body/mind relationships.

Chicago Nightingale, Florence, 1820-1910. Notes On Nursing: What It Is, and What It Is Not. New York :Dover Publications, 1969.

Citation - Notes on nursing: what it is, and what it is ...

universal experience as to the extreme importance of careful nursing in determining the issue of the disease. Nursing the well. II. The very elements of what constitutes good nursing are as little understood for the well as for the sick. The same laws of health or of nursing, for they are in reality the same, obtain among the well as among the sick.

Notes on Nursing. What It Is, and What It Is Not

She wrote Notes on Nursing - first published in 1859, but reprinted here in its revised and enlarged 1860 edition - in order to share her knowledge with women who were nursing their families at home. It was also required reading at the nursing school she opened at St Thomas' Hospital, the first of its kind, and at other such establishments.

Notes on Nursing by Florence Nightingale - cambridge.org

Notes on Nursing is a pedagogical treatise on the nursing profession by Florence Nightingale. First published in 1860, it represents one of the first comprehensive takes on Western healthcare, and is, as such, foundational to many moral, scientific, and operational aspects of modern medicine.

Notes on Nursing Summary | SuperSummary

Nursing assessment is an important step of the whole nursing process. Assessment can be called the “base or foundation” of the nursing process. With a weak or incorrect assessment, nurses can create an incorrect nursing diagnosis and plans therefore creating wrong interventions and evaluation. To prevent those kind of scenarios, we have created a cheat sheet that you can print and use to ...
