Cosmic Journey: A History of Scientific Cosmology

A Cosmology of Monsters is a well-orchestrated, fast-paced literary treasure, packing many twists and surprises. Hamill's pages, which do not rely on shocking readers with too much gore and violence, are an astonishing journey rife with physical and mental illness, betrayal, the struggles of adolescence, and a child's fearless ability to see and befriend a monster that plagues, visits, or perhaps even watches over his family.
